

ADDITIONAL HUMAN INFO

Life-flags: Humans will receive a race bib and a flag football-type belt. This belt will need to be worn with all the flags clearly visible as explained in the [race rules](#). Humans must evade zombies on skill and speed-they cannot physically interfere with the position or attachment of their flags, or position flags in such a way as to impede or deter removal of flags. Engaging in unsportsmanlike conduct will result in immediate removal from the race.

Waves: There will be three waves of humans at the start line. These waves will start one minute apart. Humans will place themselves into the appropriate wave, based on expected finish time, during starting lineup. Please let us know if you have any questions or concerns.

Attire: Humans should wear clothing that allows for easy maneuver through the zombies. To prevent possible injury, humans should not hang or attach items that may incidentally get grabbed by "zombies." Please also be sure to wear clothing that may get dirty. You may be in danger of dripping zombie blood or scabs. If you wish to wear a costume, you are welcome to do so. For the safety of all participants, no props, weapons or mock-weapons are allowed.
