In-Person Races

Please check individual race pages for event guidelines.

Social distancing and mask wearing have been demonstrated as the best weapons that we have at this time in fighting the spread of this virus. We must do our part to ensure the health and safety of those around us. As such, we still encourage you to follow good social distancing and hygiene practices.

- In a group setting where vaccinated and non vaccinated people are gathering, such as RWM events and races, the use of a face mask or covering is recommended
- If you feel any sign of sickness or illness, stay home
- To the greatest extent possible, maintain at least 6-feet of separation from others
 - This does not include members of your immediate household
- Sneeze or cough into a tissue, handkerchief, or the inside of your elbow

These changes are based on HB 257 and the rescension of the mask mandate by the Missoula City County Health Department.
